COLORADO TOURISTS.

General Passenger Agent Townsend Talks of the Successful Season. Talks of the Successful Scason.
General Passenger Agent H. C. Tewnsend of the Missouri Pacific returned to headquarters yesterday from the meeting of transcontinental and transmissouri lines at Glenwood Springs, Colo. The sessions of transcontinental and transmissouri lines at Glenwood Springs. Colo. The sessions lasted for five days and the results which have already been published in The Republic will be submitted to the executive officers at their meeting, to be held in New York on September 18.

Mr. Tewnsend returned by way of Chicaro, where a meeting of the Executive Committee of the Western Passenger Association was to have been held yesterday, but which had to be postponed on account of the prolonged sessions at Glenwood Springs.

of the prolonged sessions at Glenwood Springs.

"This has been a most remarkable senson for passenger traffic in Colorado," Mr. Townsend said," and all the lines, probably, have done a larger business than ever before. It is estimated that over 25,000 tourists visited that section during the months of July and August. At one resort I was informed that fully 600 St. Louisans had stopped there off and on during the summor. The Mistouri Pacific got its full share of this business, and as may be inferred from what I have already said the season has been very remunerative, considering the reduced rates offered the traveling public."

PRIOR TO ABSORPTION.

Federal Court Appoints Receivers for Three Kansas City Lines. Kansas City. Mo., Sept. 6.—Stuart R. Knott, president of the Kansas City South-Kansas City, Mo., Sept. 6.—Stuart R.
Knott, president of the Kansas City Southern Railway, and Edward E. Swinney, presrighent of the First National Bank, were appointed receivers to-day by Judge John F.
Phillips in the United States Circuit Court
of the Kansas City Suburban Belt Railway,
the Union Terminal Railway and the Kansas City and Independence Air Line.

This action was taken, it is said, not because they are insolvent or in a falling condition, but to facilitate their complete absorption by and consolidation with the Kansas City Southern Railroad, under the plans
being carried out for the reorganization of
that road, which was formerly the Kansas
City, Pittsburg and Guif.

The application for the appointment of
receivers was made by the Provident Life
and Trust Company of Philadelphia, one of
the depositories for securities under the
reorganization plan. The receivers' bonds
aggregate \$55,000 each.

Rate on Cottonseed Reduced. REPUBLIC SPECIAL Jackson Depot, Miss., Sept. 6.—The colo

brated light between the Hazeihurst Oil Mili Company and the railroads was settled by the Railroad Commission this afternoon by the adoption of a uniform mileage rate on cottonseed to apply on all lines operating in Mississippi. The new tariff sheet makes a considerable reduction. The minimum being 4 cents per 100 for five-mile hauls and 19 cents per 100 for all other distances, with 25 per cent added when scipment is made over two or more roads.

ELECTRIC CAR LIGHTING.

Santa Fe to Try a New Axle System for Six Months. Chicago, Sept. 6.—A new idea for the lightthe same of the light-ing of passenger concluss is to be tried by the Santa Fe road. About two years ago this company equipped 190 passenger cars with an axle lighting system, and a thor-ough trial was given the device. Officers of the company say that while the axle idea was a good one so long as it worked, there were so many imperfections in it liable to warrant its use on trains. The efficiency of the system depended in gely upon the workings of a fine needle that changed the power from a dynamo to a storage. The needle was so delicate it distances replaced light in the cars while trains were en route.

Lines — Notes,

Officers of the company have now decided to remove the old axie device from all cars and make a trial of a greatly improved axie lighting system. Twelve cars are to be equipped with the new apparatus. When these dozen are equipped the test will be equipped the test will be equipped the test will be service for six months, and if at the end of that period the system has given satisfaction it will be adopted and placed on all cars on the road.

William Weber, a peddler, 49 years old, of No. 2001 Lesalle streat, last night made a desperate attempt to kill his wife, Minnie, from whom he has been separated. He induced her to visit him in his sickroom, on the pretext that he wished her to remove her clothing from his premises, and, upon her servival, she declared, she was assaulted by him.

Alone he had stabbed her in the left arm the diager fell from his hand, and was thrown out of the window by his wife. Weber then grabbed a 38-callber revolver and fired three shots at her, one of which took effect in her right breast. She fell to the floor. Weber thought he had killed her and fled. Later he was arrested at Jefferson and Chouteau avenues by Officer Dickerson and Chouteau avenues by Officer Dickerson for the Third District.

Mrs. Weber and her two daughters have been living at No. 2130 Clark avenue since she left her husband's home, about two weeks ago.

Mrs. Weber declares that Weber asked her if she intended to return and live with him, and when she responded in the negative he stabbed her and then shot her.

Doctor Ben Shanklin of No. 2734 Chouteau avenue dressed Mrs. Weber's injuries and pronounced them serious.

Weber, who is under arrest at the Third District Police Station, admits the assault on his wife.

In an interview to-day, reproduced in an evening newspaper, Mr. Sage says:

"In my experience of sixty-three years in business I find that making the best of any situation is the only way. Why, if Mr. Bryan should be elected—mind you, I don't think it possible—he would have to come to the financiers for advice as to the financial policy of the Government. He could not help it, for they have the experience, the knowledge, and mre m world of finance."

"And the result?"

"Why, they would convert him. No. I don't believe Mr. Bryan's election would be such a very disastrous event."

Mr. Sage was the original McKinley man in Wall street four years ago. He worked hard for McKinley's nomination. He opposed the taking of the Philippine Islands, however, during the peace negotiations in Paris, and although he is loyal to McKinley now, it is plain to those who know him that Mr. Sage is lacking in enthusiasm for the ticket.
